

**Nancy Budwig**

Nancy Budwig is Associate Provost and Dean of Research at Clark University in Worcester, MA where she has been centrally involved in the development of Clark's Liberal Education and Effective Practice (LEEP) undergraduate framework. Nancy brings to this project her training as a developmental and learning scientist and her interest in how knowledge develops (especially in informal settings). Clark's new initiative builds off the AAC&U's LEAP project, fusing interest in traditional liberal education capacities such as critical thinking and inquiry with capacities for effective practice.
