

Robert Dickerman

Robert Dickerman is the Dean for Science and Engineering Transfer at Springfield Technical Community College in Springfield, MA. He holds a bachelor's degree in biology from Kenyon College and a Ph.D. in physiology and biophysics from the University of Illinois at Urbana-Champaign. He was a member of the biology faculty at STCC prior to becoming dean in 2005. Dr. Dickerman has played an active role in many initiatives aimed at improving student success including use of open educational resources, exploratory engineering courses, alternative approaches for developmental placement, and summer bridge programs. In addition to his regular responsibilities he also oversees the STEM Starter Academy at STCC, which provides comprehensive support and advancement for students entering STEM programs at the college.
