

## Jennifer Frederick

Executive Director, Yale Center for Teaching and Learning, Yale University

**Jennifer Frederick** is the Executive Director of the Yale Center for Teaching and Learning, which provides comprehensive support for the educational mission of the University. Jenny received her B.A. with honors in Chemistry from Cornell University and her Ph.D. in Chemistry from Yale. Following her faculty teaching appointments at both public and private universities in Connecticut, Jenny returned to Yale in 2007 as the Associate Director and Science Education Specialist at the Graduate Teaching Center. She went on to assume positions of increasing responsibility within the University, including the role of Director of the Center for Scientific Teaching at Yale. She has advanced a national effort to transform undergraduate science teaching at colleges and universities nationwide through workshops focused on teaching. In 2014 the Center for Scientific Teaching integrated with other teaching support offices on campus to launch the new Yale Center for Teaching and Learning. Jenny was appointed Executive Director for the new center and charged with building a world-class teaching center. Jenny comes to this role with notable interdisciplinary teaching experience and a commitment to inclusive teaching practices in higher education.
