Mary Anne Moran

Mary Anne Moran is Associate Principal at Nipmuc Regional High School in Upton, Massachusetts. Mary Anne began her teaching career in elementary education, transitioned to middle school and then high school mathematics before finding her way to high school administration. She has collaborated with teachers to redefine teaching and personalize learning through the implementation of a successful 1:1 program. In partnership with students, parents, and community members, in 2013 Mary Anne helped launch the Nipmuc STEM Scholars Program followed last year by the Humanities Scholars Program, focusing on providing students with opportunities to connect their work in the classroom to careers through career exploration, workplace-readiness training, collegiate experiences, and rigorous academic programming. In acknowledgement of her work on the local and state level, Mary Anne was named MSSAA Massachusetts 2016 Assistant Principal of the Year.
